Important Notice to Animal Owners involved in Showing Animals

The Irish Shows Association would advise all Animal owners who have their Animals Insured to have the Insurance cover extended to cover them while showing Animals at Shows, it may cost very little or nothing at all depending on who you have Insurance with.

The reason for giving this advice is that if your animal were to injure someone or damage someone's property, and it is established that your animal was out of your control at that time, you may be held responsible or partly responsible for any injury or damage caused, & could end up paying all, or part of any Court Award settlement reached.

RESPONSIBILITY OF EXHIBITORS

Winners of qualifiers are themselves responsible for entering the details of their animals (or exhibits) for the final in within one hour of qualifying or before they leave the Show where they qualify

Winners of qualifiers will only be allowed to compete in the final after they make sure that they have documented all their details for the final.

The Irish Shows Association in conjunction with the sponsor reserve the right to alter or amend the rules of any competition as may be necessary or appropriate.

NOTE FOR INFORMATION REGARDING MOVEMENT OF BOVINE TO SHOWS

**SHOW NUMBER FOR
MOVEMENT FORMS IS S993**

The Department of Agriculture implemented a number of changes on 4th February 2019 which changed the procedures and criteria applicable when applying for a Certificate of Compliance for the movement of cattle. These also impact on the certificate which is required when moving bovine to a Show.

The following sets out the criteria applicable:

- The movement of cattle to and from an Agriculture Show within the State must be recorded on the Animal Identification and Movement System (AIM).
- In line with these changes a specific certificates of Compliance for the “Movement of Bovine from a Single Holding to a Show” must now be requested prior to the movement of animals concerned.
- These certificates can be created by (i) applying on-line using their agfood account or (ii) where the keeper is not on line the certificate can be generated by the local Regional Veterinary Office following receipt of a NBAS31K with issue of the certificate being subject to normal criteria applicable. This form will be available on the Department’s Website and will also be included with the Show Circular when issued.
- When applying for this certificate the destination herd / or Show number is not required. The certificate generated will include an “S” symbol.
- **The Certificate of Compliance for a Show will continue to be valid for a period of up to 30 days.** As is currently the case these can be used for the movement of animals to a number of shows during the validity period of the certificate.
- **Please also note - Calves which are less than 10 days cannot be moved to a Show.**

As is currently the case the Movement Notification Section of the Certificate should be Completed by the Keeper and the Show Secretary who must clearly indicate the Show Number. The Show movement should be recorded on the passport. Ultimate responsibility for fulfilling these requirements lies with the Show Secretary. If the animals move to a herd other than the source herd, the new destination herd must complete and sign the certificate also.

Completed forms should be sent by the Show Secretary to the local RVO within 7 days of the Show.

Department of Agriculture, Food and the Marine SPECIFIC REQUIREMENTS – SHEEP

Identification

All sheep must be identified individually with appropriate ear tags issued in accordance with the requirements of the National Sheep Identification System (NSIS).

Movement Documentation

All consignments of sheep being moved must be accompanied by a completed dispatch document. Individual details of each sheep in the consignment must be recorded on the document. Sheep from non-restricted flocks only can be moved to shows. In the case of flocks restricted following diagnosis of scrapie, sheep possessing the ARR/ARR genotype only may be exhibited. The movement of these ARR/ARR genotype sheep must be accompanied by the relevant movement permit (SCR/10), which can be obtained from the local District Veterinary Office in the county where the flock is located.

AIM Notification

The movement of sheep to and from an Agricultural Show within the State must be recorded on AIM. This is done using a copy of the owners sheep dispatch document as follows:

The owner/keeper presents the signed and completed dispatch document to the show secretary who checks it to ensure that it is completed in full.

The show secretary fills in the MART section of the dispatch document with (i) the show number, (ii) the date of the move back to the source holding (iii) stamps it with the show stamp and (iv) signs the dispatch document.

The show secretary then forwards the completed pink section of the dispatch document to the local DVO within 7 days of the show movement. The show secretary keeps white copy for his/her records.

The source/destination keeper keeps the bottom yellow copy to enter it into their flock register.

Ultimate responsibility for fulfilling this requirement lies with the Show Secretary.

Flock Register

All movements of sheep to and from shows must be recorded in the keeper's flock register.
